

You're invited!

Continuing to Explore the Intersection of Race and Disability

Register today for the Exploring the Intersection of Race and Disability forum hosted by Summit Community Care and Motivo* for Summit Community Care providers on September 21, 2022.

Summit Community Care is committed to making healthcare simpler and reducing health disparities. We believe that continuing the discussion we started at our [June 2022 event](#) to deepen the conversation about the disability experience for people of color is critically important. Authentic conversations lead to reducing implicit bias and improving the health and wellbeing of all Americans and the communities in which we live and serve.

Please join us to hear from a diverse panel of experienced professionals from Motivo and Summit Community Care about the intersection of disability and race. This forum will explore ways we can advance equity in healthcare, demonstrate cultural humility, address and deconstruct bias, have difficult and productive conversations, learn about valuable resources, and increase the diversity of the healthcare profession.

Wednesday
September 21, 2022
3 to 4:30 p.m. CDT

Please register for this event by visiting
